About this Document

Scope

This document provides details of features and enhancements made to the DIKSHA platform and mobile application for the release version 2.0.0, released on May 23, 2019.

Intended Audience

These release notes provide useful information to:
- State administrators
- DIKSHA PMU

Document Structure

Readers of this document can find specific information within DIKSHA's current broad focus areas of:

- Energized Textbooks
- Assessments
- Teacher Professional Development
- Administration

The enhancements and new features in each of these areas are further classified, based on their use as either for:

- Creation, or
- Consumption

The document also contains a list of reported bugs that have been addressed as part of the release.

Energized Textbook - Creation

New Features

No.	Feature	Description	Roles Impacted
1	Content linking through URL	The content linking functionality has been enhanced such that when copying the URL of the content only the do_ID of the content is required to be pasted in the Content URL column of the csv file. **Note:** The do_ID is the last 26 characters in the content URL. As an example, see the characters made bold in the following URL - https://diksha.gov.in/play/content/**do_31260042816321 126413012**	Book Creators
2	Incompatible browser message	An error message, indicating that the browser used is incompatible, is displayed when the user accesses **Workspace** from any browser other than Google Chrome	Book Creators

Energized Textbook - Consumption

New Features

No.	Feature	Description	Roles Impacted
1	UI enhancements	The user interface of QR scan screens has been enhanced to include standardised components for cards, buttons, fonts, header, footer, grids and spacing	Any user
2	Download Manager in Mobile App	Mobile App has been enhanced with a new feature of Download Manager which enables the users to: ● move content between SD card or internal storage ● view space occupied by content on the device ● delete downloaded content list ● view the list of content being downloaded and status of the same	Any user

		• pause/resume downloads • update content • Change sequence of what's getting downloaded In cases of poor internet, the app also displays a message prompting users to download and view the content, instead of playing the content online For details, refer DIKSHA Mobile App	

Teacher Professional Development - Consumption

New Features

No.	Feature	Description	Roles Impacted
1	Course Consumption Reports	The course consumption dashboard has been enhanced to include the following reports: • **Course Completion Report**: provides details of the total number of teachers who have completed the course • **Course Time Spent Report:** provides details of the total time spent by each teacher while taking the course • **Course Enrolment Report**: provides details of the total number of teachers enrolled for the course	Course Mentor
2	UI enhancements	The user interface of QR scan screens has been enhanced to include standardised components for cards, buttons, fonts, header, footer, grids and spacing	Any user
3	Download Manager in Mobile App	Mobile App has been enhanced with a new feature of Download Manager which enables the users to: • move content between SD card or internal storage • view space occupied by content on the device • delete downloaded content list • view the list of content being downloaded and status of the same • pause/resume downloads • update content • change sequence of what's getting downloaded In cases of poor internet, the app also displays a message prompting users to download and view the content, instead of streaming the same live.	Any user

		For details, refer [DIKSHA Mobile App](#)	

Assessments - Creation

No.	Feature	Description	Roles Impacted
1	MCQ template enhancements	The MCQ template has been enhanced such that no answers are selected by default when creating the question set	Content Creators
2	Delete option for Draft content	The deletion workflow of content in draft/in review state has been modified with the following: ● An already published content, when rolled to draft/in review state, the delete option is disabled ● Content that is not published, but in draft/in review state can be deleted	Content Creators
3	Incompatible browser message	An error message, indicating that the browser used is incompatible, is displayed when the user accesses Workspace from any browser other than Google Chrome	Book Creators

Administrator - Consumption

No.	Feature	Description	Roles Impacted
1	Filter options in reports	The admin dashboard report for DIKSHA usage has been enhanced to include district wise usage summary of unique devices The district wise data is available only for those states that provide the city/town- district mapping to the respective (DIKSHA) personnel For details refer [Dashboard](#)	Organization Administrators
